

HART™

Garland

PROJECT PLAN

Finished Dimensions: Varies based on Desired Size

Skill Level: Easy / Intermediate

Materials

Item

Scrape plywood various thicknesses

Paint

Glue

Glitter

Rope or twine

* Board Dimensions are "nominal". Actual dimensions are smaller due to lumber industry standards. Cuts are actual length.

Tools Used

Drill

Orbital Sander

Multi-Tool with
a Sanding Pad

Flat Head Screwdriver

Drill Bits & Hole Saw

Also Needed: Clamps

 Battery Tip: A 4.0 Ah battery is recommended to be paired with high amp draw tools for maximum efficiency.

Assembly Instructions

Step 1

Clamp a piece of plywood on top of a larger scrap piece of wood

Step 2

With drill and hole saw bit drill through the top piece of plywood

Step 3

Use a flat head screwdriver to remove the piece of wood from the hole saw

Step 4

Repeat this process until the desired amount of circles are made

Step 5

With an orbital sander or sandpaper smooth edges as desired

Step 6

Paint the wooden circles and/or decorate with glue and glitter.

Step 7

Thread twine or rope through the center hole stacking the circular pieces from large to small like a Christmas tree.

Step 8

After your desired design is achieved, finish by tying twine so you are able to hang from a tree.

Step 9

Can be used as a garland or as part of a table setting.
