

HART™

DECORATIVE VASE

@stripped.and.styled

PROJECT PLAN

Skill Level: Beginner

Materials

Item	Qty
A vase or planter	1
HART Hot Glue Sticks	1
Glass Gems	
Paint	
Baking Soda (to add texture to the paint)	

Tools Used

Hot Glue Gun

Battery Tip: A 4.0 Ah battery is recommended to be paired with high amp draw tools for maximum efficiency.

Assembly Instructions

Step 1

Get a vase or planter, glass gems, & turn on your hot glue gun

Step 2

Begin hot gluing the glass gems onto your vase/planter. Adhere the glass gems onto the vase/planter in rows or randomly. Get creative!

Step 3

Once you're done with gluing, it's time to paint. For the best results, prime first. After it's dried, mix baking soda into the paint to add texture and then began brushing it on.

Use a few coats for good coverage.

Step 4

Once the paint dries, it's time to style your fun new vase/planter!
