# Assembly Instructions

---

## Step 1

Cut board to 55"

---

## Step 2

Cut legs to 20" then at a 10° angle on both ends.

---

## Step 3

Add screws to secure legs to the board.

---

## Step 4

Add support cross beam to legs.

---

## Step 5

Distress bench with hammer, multi-tool, chisel, etc.

---

## Step 6

Fill screw holes with wood putty, then sand down bench.

---

## Step 7

Stain with desired color. (We used simply white & special walnut.)

---

## Step 8

Enjoy your new bench!
